This honor recognizes your consistent and excellent academic performance throughout the curriculum and your passion for the discipline of Biology. Congratulations on your record of high achievement!

Dan Kinicki

Katie McHugh

Leigh Stone

Award for Outstanding Service

This honor recognizes your consistent and valuable assistance to faculty and students and the positive environment that you have helped to create through your passion for biology. Congratulations and thank you for your effort and support!

Laura Cannon

Ashley Johnson

Joel Rector

Margaret Ann Watkin Award

This honor is traditionally given to juniors who display not only academic excellence in the biology major but a genuine passion for biology and learning. This award also recognizes service to the department, the positive attitude and contributions that the students bring to the classroom, and enthusiasm for research. The Biology Department views the Watkin Scholar as a student who pursues biology for its own virtue and provides an excellent role model for other students. Congratulations on your record of high achievement!
