

## **Policy on Eye Protection**

1. Approved goggles must be worn at all times. They are available at the bookstore.
2. Face shields will be available for experiments that involve unusual risk. You should be certain you know where the eyewash fountains are in each laboratory and how to use them.
3. Goggles are to worn at all times in all teaching laboratories. There will be no exceptions. Students failing to comply will be dismissed from laboratory.
4. Students in the independent research laboratories must were goggles when performing laboratory operations - even washing glassware or weighing materials

---

**By signing the laboratory check-in sheet I agree that I have read this description of the Policy on Eye Protection, understand it, and agree to abide by its provisions.**
