-- **Advisory Board Company:** Marketing Associate, Washington DC. Leigh Dance, '07 is currently working for the Advisory Board Company and has this to say: "The Advisory Board Company was the ideal place for me to begin my career post the liberal arts education I received from Denison. I was able to put my education and leadership skills to use immediately. Within my first month at the company I took over as the service liaison for my department, which consists of planning quarterly service projects for the entire department. I sat on 3 committees, giving me exposure to the senior leadership team, I planned numerous team social activities, and headed up two campaigns. The Advisory Board company rewards it's employees for hard work and is constantly planning events that make coming to work enjoyable. The company culture is young, friendly, and fun. Associates at the company are given a great deal of responsibility, which is something unique to most entry level positions. I've considered all of my managers friends and they always treated me as an equal. I couldn't imagine a better place to launch my career and I'll be here for the foreseeable future." Visit with Leigh at Sprummer on April 2<sup>nd</sup>.
