

*This documentation provides simple instructions for viewing the roster of course members in Blackboard 9.1.*

Blackboard course rosters list only the names of students enrolled in your course.

To view a course's roster:

1. With **Edit Mode ON**, expand the Control Panel Dashboard on the left side of the screen and expand the link **Users and Groups**.
2. Clicking on **Users** will open the Users page, providing a list of all course members.

A screenshot of the Blackboard "Users" page. The page has a header with a pencil icon and the word "Users". Below the header is a red button labeled "Find Users to Enroll". Underneath is a search bar with "Search:" followed by a dropdown menu set to "Username", another dropdown menu set to "Not blank", a text input field, and a "Go" button. Below the search bar is a "Remove Users from Course" button and a "Refresh" button. The main content is a table with the following columns: Username, First Name, Last Name, Email, Role, Observer, and Available. The table contains 16 rows of user data.
