

Registration Information

General Information

The procedure for pre-registration during this Spring will have many aspects similar to those used for past semesters. You need carefully to consider needs in your major, general education possibilities, pre-requisites, and hierarchical structures of some programs.

- A. Be sure to use the 5 digit CRN (course registration number) whenever you identify a course you are wishing to add or drop.
- B. Current registration figures can always be reviewed on the Registrar's data base. Sometimes there is a slight delay before the figures are refreshed and your ability to access information on the web or myDenison may be turned off while schedule processing is being done. Please be aware that some courses could appear to have both openings and a waitlist. This occurs when some students have requested a course but may not have met all pre-requisites. Also some courses accept a limited number of students from various classes; in such situations the openings that are being shown are to be assigned only to students that are part of that unique population. In August, unclaimed spaces will then be given to students on the waitlists.
- C. Students who matriculated for the first time at Denison University in August 2004 or after will be using the General Education Requirements as designed in column entitled '08 GE. Others will be under the old program with GE requirements being attached to the section numbers. If your MYDENISON account has been activated, you can review your schedule online. Check carefully if you are registered for the course or waitlisted for the course.
- D. A student may adjust his or her schedule by means of an add/drop form. Adjustments can be made in the Office of the Registrar until August 28, 2005. On and after August 29, 2005 all changes for the fall semester must be authorized with the signatures of the Instructors.

Advising and Enrollment Instructions

- A. Study the course offerings and in consultation with your advisor plan a program of courses for the Fall Semester 2005-2006, which will meet your needs and objectives.
- B. Students should not expect schedule requests of more than 19 hours to be processed unless a written explanation is filed in the Registrar's Office by the advisor. A special area on the enrollment card has been set aside for the advisor to indicate his or her approval. A schedule of 19 hours is already an overload and will likely result in excess hour fees.
- C. Check if you are meeting:
 - I. General education requirements for graduation. Summary information is available in the catalog and on Page I-3 in this class schedule.
 - II. Requirements for the departmental major or minor.
 - III. Requirements for admission to graduate or professional school, or for other post- Denison plans.
 - IV. NOTE WELL: Bachelor of Arts candidates are permitted no more than 32 hours in their major by the conclusion of their junior year. Hours in excess of 32 will not normally be counted toward graduation.
- D. Complete the enrollment card neatly. For the computer terminal operator to process your card properly it is imperative that it is completed with care as to legibility and accuracy. **DO NOT EXPECT THE REGISTRAR'S OFFICE TO FILL IN MISSING INFORMATION!**
 - I. CRN number
 - II. Discipline of Study --> Do not use course title; if taking a foreign language identify clearly which language.
 - III. Course number
 - IV. Section number - Each course has a section number that makes the particular offering unique
 - V. Exam letter
 - VI. Hour and day of meeting
 - VII. Any course requiring consent must bear the signature of the instructor.
- E. On the enrollment card Item B allows each student to indicate his/her preference about being placed into an open section of a course when the original selection has been filled. The Registrar's Office will automatically proceed with this option if left blank or if we feel we can help students. First year students and sophomores should expect the Registrar's Office to apply this option regardless of indication. Departments may request that students be moved from one section to another if it is necessary in order to meet the demand for certain required courses.
- F. The bottom portion of the card enables all students to list alternatives if first choices are closed. We suggest you use this space to indicate different courses and not just different sections of first choices. The Registrar's Office will turn to alternative selections until:

Registration Information

- I. Student has a schedule similar to original requested hours.
- II. All selections have been exhausted.

Alternative selections will not be processed if such action would result in a schedule larger than 18 credit hours or if the alternative selections are already closed.

- G. Students will be placed on waitlists for all requested first choices for which he or she was unable to be enrolled. If a student is placed into a different section of the same course, he or she will be deleted from the wait list. As openings occur the next student on the waitlist will either be notified or automatically enrolled in the course. All official waitlists will be erased two weeks prior to the opening of school. For a former waitlisted student to be given special consideration for openings that might occur on registration day, a formal confirmation of interest must be made with the Office of the Registrar prior to the closing of the office on August 15, 2005. Departments and instructors reserve the right to sign additional students into closed courses whenever they determine there are unique needs.
- H. Students may change advisors whenever they wish. After conferring with the new advisor and getting the necessary approval for the change, the student must report that agreement to the Registrar's Office. Forms are available in front of the counter in the Office of the Registrar.
- I. Students are expected to attend class regularly and complete assignments as scheduled. Since many courses have wait lists, it is imperative that professors be aware of your interest and activity in each course. Should you be absent during the first days of a term and you have not provided the instructor with a suitable explanation, it is conceivable that you may be automatically dropped from the course and your spot given to another student.
- J. Since students are expected to attend class regularly and to participate in class discussions, it is appropriate for faculty to include these factors in their grading process. Normally such policies will be included in a syllabus; however, students concerned about this aspect in determining their grades should discuss the matter with the instructor.
- K. Because of the need for better facilities management, more 8:30 and 2:30 classes will be offered. Students closed out of multiple section courses and whose schedules allow them to take an 8:30 or 2:30 section without conflict, may find themselves in these sections in order to reserve a spot for themselves.
- L. Students may repeat courses in order to develop greater mastery of the subject matter. However, second efforts do not erase original efforts. Should students take and successfully complete a course two different times, he/she must be aware that both grades will be included in GPA calculations but the credit hours cannot be included twice. You may wish to discuss all potential ramifications with the Registrar if this scenario is a factor for you.
- M. Students (who matriculated prior to August 2004) ought to be aware that there are several options for fulfilling the 3rd Lab Science/Mathematics requirement (D) besides Computer Science, CS 101 or 171, or Calculus, Math 121 or 123. A second selection from Group B or Group C could also be used. For example, a student who has used Psychology 100 to fulfill Life Science (B) can complete an appropriate introductory level biology course such as Biology 100 or 101 or 102 or 150 and have it fulfill the 3rd Lab Science requirement (D). The designation will still show as "B" instead of "D" on the counseling report.
- N. The global studies program (a required component of the general education program for students matriculated prior to August 2004) includes Western Studies (L), Non-Western Studies (M), and American Social Institutions (N). Students are required to complete only two of these three areas.
- O. Also, all students under the old GE program should note well, that a single discipline can be used no more than two times to fulfill general education requirements. Since FYS and HNRS listings include faculty from many different departments, these listings are excluded from this restriction. All FYS and HNRS courses, therefore, apply toward graduation requirements regardless of the number of listings or the related departments.
- P. If evening courses or courses beginning after 3:00 pm need a final examination time, two possibilities exist:
 - I. Once the final class roster can be verified the instructor may ask the Registrar to examine the schedules of the enrolled students and try to find a convenient time for all students fitting the standard 9:00-11:00 or 2:00-4:00 time slots.
 - II. If no other time can be found, the examination will likely be scheduled for an evening 6:30-8:30 p.m. The exam code for such courses will appear as (L) or (Z) to be arranged.
- Q. Students participate in Commencement ONLY AFTER THEY HAVE COMPLETED ALL GRADUATION REQUIREMENTS. Students who complete requirements over the summer, or even later, are always eligible to return and participate in the May commencement exercises FOLLOWING their actual completion date.
- R. Falsification or forgery of any College document (e.g., application form, financial-aid form, enrollment form) violates College rules, as outlined in the COURSE OF STUDY under CONDUCT and HONESTY. Suspected violations of this policy are subject to normal judicial procedures.

- S. Adjustments to schedules are possible throughout the pre-registration period. On and after August 29, 2005 all drops and adds must be approved by the course instructors. The last day to add courses will be September 9, 2005. Students may drop courses until September 23, 2005.

General Education Requirements

Degree candidates who matriculated prior to August,2004 must complete the general education program listed below. Courses fulfilling general education requirements under this program will have the appropriate letter code affixed to the section number. For example, PSYC-100-01B fulfills a Life Science (B) requirement. Students who matriculated for the first time at Denison University on or after August 30, 2004 will use the new general education package approved by faculty in the spring of 2004.

GENERAL EDUCATION REQUIREMENTS (for students who matriculated prior to August 30, 2004)

- I. (B) Life Science
- II. (C) Physical Science
- III. (D) 3rd Lab Science/Mathematics or 2nd selection from (B) or (C)
- IV. (F) Textual Inquiry
- V. (G) Critical Inquiry
- VI. (H) Social Inquiry
- VII. (J) Minority/Women's Studies
- VIII. (K) Foreign Language
- IX. Two of the following three areas are required; students are urged to complete all three.
 - I. (L) Western Studies
 - II. (M) Non-West/Global Studies
 - III. (N) Amer Social Institutions
- X. (P) Artistic Inquiry (2 courses)
- XI. (R) Oral Communication
- XII. (S) Writing Requirement

NOTE WELL: Students may use a single discipline not more than twice to fulfill general education requirements. First Year Studies and Honors courses are exempt from this regulation.

GENERAL EDUCATION REQUIREMENTS '08 GE (for students who matriculated on or after August 30, 2004)

- I. Fine Arts Divisional Requirements (A)

Student must complete two courses with the appropriate "A" designation from Art History (ARTH), Studio Art (ARTS), Cinema (CINE), Dance (DANC), Music (MUS), or Theatre (THTR). A discipline can only be utilized one time for a general education divisional requirement; Art History and Studio Art are parts of the same Art discipline. One Fine Arts Division requirement may be met by an accrued total of 4 semesters of music ensembles, or 4 semesters of music private lessons (same instrument), or 4 credit hours of dance technique work, or 4 credit hours of theatre workshop/practicum.
- II. Social Science Divisional Requirements (E)

Student must complete two courses with the appropriate "E" designation from Communication (COMM), Economics (ECON), Education (EDUC), Physical Education (PHED), Political Science (POSC), and Sociology/Anthropology (SA). A discipline can be utilized only one time for general education divisional requirement.
- III. Humanities Divisional Requirements (U)

Student must complete two courses with the appropriate "U" designation from Classics (CLCV), English (ENGL), History (HIST), Modern Languages (CHIN, FREN, GERM, JAPN, SPAN), Philosophy (PHIL), or Religion (REL). A discipline can be used only one time for general education divisional requirements. [An appropriate course in modern language may be used in addition to the selections to fulfill the foreign language requirement]
- IV. Science Divisional Requirements (Y)

Registration Information

Student must complete two courses with the appropriate "Y" designation from Biology (BIOL), Chemistry (CHEM), Geology (GEOL), Mathematics (MATH), Computer Science (CS), Physics and Astronomy (PHYS or ASTR), or Psychology (PSYC). A discipline can be used only one time for general education divisional requirements. [Note well: math and computer science are considered the same discipline for general education as are physics and astronomy.] At least one of the courses satisfying the divisional must have an accompanying laboratory.

V. Quantitative Requirement (Q)

Student must complete one course with a significant numeracy component with the appropriate "Q" designation. The course could be one of those selections chosen to fulfill a divisional requirement or the Interdisciplinary/World Issues requirement or it may be a separate stand alone experience.

VI. Oral Communication Requirement (R)

Student must complete one course with an integral component in oral communication with the "R" designation. This course could be one of those selections chosen to fulfill a divisional requirement or the Interdisciplinary/World Issues requirement or it may be a separate stand alone experience.

VII. Writing Requirement (S)

Student must complete FYS 101 or receive a waiver of the writing requirement by means of score of 4 or 5 on the AP English examination or comparable results on some other similar examination.

VIII. Interdisciplinary/World Issues (I)

Student must complete an appropriate course with the appropriate "I" designation from Black Studies (BLST), East Asian Studies (EAST), International Studies (INTL), Latin American and Caribbean Studies (LACS), Queer Studies (QS), and Women's Studies (WMST). In a few rare instances a course in the divisional sequences might also have an "I" designation.

IX. Foreign Language Requirement (K)

Students fulfilling this requirement with language they had in high school must complete the 211 course in that language. Should a student begin a language for which no high school course work is evident he or she can fulfill the requirement with the 111 -112 elementary language sequence.

X. Freshman Seminar

Each Student must complete at least one FYS 102 course or one Honors Seminar. In most cases, this selection will satisfy one of the other requirements listed above and should not constitute an additional course. Note well that FYS 102 or the Honors seminar is a different experience from FYS 101. The writing seminar FYS 101 cannot be used to replace FYS 102 or the Honors seminar.

Final Examination Schedule

NOTE: Any courses without examination letter will have examinations arranged by the Registrar's Office. If you are unsure what your exam letter is, please take a look at either the schedule or the Registration Database.

Fall 2005 Semester

Regular Classes End	Friday	December 9, 2005
Study Day	Saturday, Sunday	December 10, 11, 2005
FINAL EXAMINATIONS	Monday, Tuesday	December 12, 13, 2005
Study Days	Wednesday	December 14, 2005
FINAL EXAMINATIONS	Thursday, Friday, Saturday	December 16, 17, 2005

DATE	TIME	EXAM LETTER
Monday, December 12, 2005	9:00 - 11:00 A.M.	C
	2:00 - 4:00 P.M.	A
	6:30 - 8:30 P.M.	L
Tuesday, December 13, 2005	9:00 - 11:00 A.M.	D
	2:00 - 4:00 P.M.	F
Thursday, December 15, 2005	9:00 - 11:00 A.M.	B
	2:00 - 4:00 P.M.	E
	6:30 - 8:30 P.M.	G

Registration Information

Friday, December 16, 2005	9:00 - 11:00 A.M.	K
	2:00 - 4:00 P.M.	I
Saturday, December 17, 2005	9:00 - 11:00 A.M.	H
	2:00 - 4:00 P.M.	J

Building Codes

BARN - Barney-Davis Hall	HIGL - Higley Hall
BMRG - Burton D. Morgan Center	KNAP - A. Blair Knapp Hall
BURK - Burke Hall	LBRY - William Howard Doane Library
BURT - Burton Hall	MULB - Mulberry House
CINX - Cinema-Theatre Annex	OB - Astronomy Observatory
CLEV - Cleveland Hall	OLIN - Olin Science Building
CLEX - Cleveland Art Annex	PAFS - Polly Anderson Field Station
COTT - Cinema Cottage	PHED - Physical Education Center
DANC - Doane Dance Center	SLAY - Slayter Hall Student Union
EBAU - Ebaugh Laboratories	SWAS - Swasey Chapel
FELL - Fellows Hall	TALB - Samson Talbot Hall of Biological Sciences
GILP - Gilpatrick House: The Honors Center	THEA - Theatre Arts Building
HERR - Herrick Hall	

Please note that what was the "LRC" is now known as "LBRY-MTS".

Class Day Codes

M - Monday
T - Tuesday
W - Wednesday
R - Thursday
F - Friday
S - Saturday
U - Sunday
TBA - To Be Arranged

General Policies and Student Responsibilities

The University reserves the right to withdraw courses with too small enrollment, to change course times if and when necessary, and to offer additional sections and split sections when the advanced registration exceeds expectations. Instructors for courses may also be changed.

Independent Study and Other Special Opportunities

- A. All registrations for directed study (#361), independent study (#363), or senior research (#451, #453) shall be verified by the completion and filing of an appropriate form with the Office of the Registrar. All forms must be signed by the instructor and chairperson and filed in Doane 205 by 4:30 P.M. Friday, September 2, 2005. All students wishing to register for one of these courses will be placed into section 90 until the proper forms are filed with the Office of the Registrar.
- B. Honors Seminars - see Honors Schedule Online. Courses are available to invited students. Most honors courses fulfill a general education requirement.

Reminder of Faculty Adopted Policies

- A. The payment of full tuition for any semester entitles a regular Denison student to enroll for 18 attempted credit hours for the term. Excess hours beyond 18 will carry a fee of \$880.00 per hour.
- B. Students failing to pre-register at the appropriate time may be charged a \$10.00 per day late fee. Students may be prohibited from pre-registering if fees or deposits are owed to the University.
- C. Students may elect to contract with an instructor for an additional project and consequently increase the value of a course by one additional credit hour. Forms may be obtained in the Registrar's Office and must be filed by the end of the fifth week of school.
- D. Juniors and Seniors may ask to take a course on a "Satisfactory-Unsatisfactory" basis. This is exclusive of courses for which special approval has been given for this form of evaluation. Courses in the student's major or minor fields may not be taken under this option. Departments and instructors reserve the privilege of prohibiting this grading option.
- E. **NOTE WELL:** Students planning to take a course requiring consent need to obtain the written permission of the instructor before submitting the card to the Registrar's Office. Students will not be enrolled in any course until this permission is filed with the Registrar's Office.

Registration Information

- F. Bachelor of Arts candidates are permitted no more than 32 hours in their major by the conclusion of the Junior year. Hours in excess of 32 at the conclusion of the Junior year will not normally be counted toward graduation.

Student Responsibility

- A. Courses must be clear of conflict in the weekly schedule. If conflicts are discovered while processing the enrollment card, the second course resulting in the conflict may not necessarily be processed. Instructor approvals of conflicts will be accepted. Ultimately it is the student's responsibility to correct time conflicts.
- B. Note carefully and record accurately the meeting time and section numbers for each course.
- C. Application of general education requirements listed herein must be in accord with the distributive general education program as outlined in the catalog, advice of the academic advisor, and rules and regulations of other university offices and other departments. Ultimately it is the student's responsibility to check and verify the satisfactory completion of all hours, courses, and requirements for graduation.
- D. The student is responsible for making suitable early arrangements for a proper advising session with his or her academic advisor.

Tuition and Fees

- A. Private music lessons will carry an additional charge of \$340.00 per credit hour.
- B. Many studio art courses, cinema courses, and science courses, will have a laboratory fee included with original billings.
- C. Students failing to complete registration by August 29, 2005 may be subject to a late fee of \$10.00.

Course Schedule - Fall 2005

Arabic (ARAB)

Course ID	'08 GE	Course Title	Fees	Hrs	Days	Start-End	Exm	Instructor

Physical Education (PHED)

All 100 level courses will be graded S/U, Satisfactory/ Unsatisfactory. Come prepared to participate in all classes the first day. Some activity courses will run on a quarterly system. Students are expected to pre-register for both first and second quarter sessions. First quarter courses will meet from August 29 through October 14. The Add/Drop deadline is September 12. Second quarter courses will meet from October 17 through December 9. The Add/Drop deadline is October 31. Winter sports begin mid-semester and are completed during spring semester. Credit for these sports is awarded in the spring semester. Students are expected to register for these sports during pre-registration for the spring semester in November. These sports are Basketball, Track, Swimming, and Diving.
